PETITION TO ACT ON APPLICATION

A. INTRODUCTION

Applicant submits this Petition under 37 C.F.R. § 1.181 to invoke the supervisory authority of the Director of the USPTO because no substantive action has been taken with respect to his application 09/735,697 in the last eighteen months. It appears that the application has been misplaced, mishandled, or otherwise neglected. Petitioner petitions the Director to intervene in this matter and to put his application back on course for appeal or continued prosecution. Petitioner makes this Petition directly to the Director, based on 37 C.F.R. § 1.181; however, as the BPAI may be in the best position to act on the Petition, Petitioner is also sending a copy to the Board.

Prior to cessation of communication from the PTO, Petitioner's application was just entering the appeal process. On November 27, 2006, the Examiner noted receipt of Applicant's Reply Brief and Request for Oral Hearing and indicated that: "The application has been forwarded to the Board of Patent Appeals and Interferences for decision on the appeal." Ex. A at 2. According to the MPEP, the Appeal Board should have either docketed Applicant's appeal or remanded the application to the examiner for formal reasons within approximately one month of receiving the file from the Examiner. MPEP 1203. Thus, the lack of docketing by the BPIA may be the reason for the unusual delay experienced by applicant.

B. BACKGROUND AND FACTS

Petitioner's application was filed on December 12, 2000 and is a continuation of Application No. 09/221,761, filed 12/28/98, which claims priority from Provisional Application No. 60/070,317, filed 01/02/98. Thus, in one form or another, Petitioner's application has been before the PTO for over 10 years. The specific application that is the subject of this Petition, 09/735,697, has been pending for over seven years. As is clear from the PAIR transaction history, attached as Ex. B, prosecution of the '697 application has been long and complex. While such complexity can result naturally from the ebb and flow of prosecution, Petitioner is concerned that his case has ground to a halt and that no further progress will be made without the exercise of the Director's supervisory authority.

The most recent entry in the PAIR "Transaction History" for Petitioner's application is March 6, 2008 and states "Appeal Awaiting BPIA Docketing." This entry was made after Petitioner contacted Mr. Shaw of the Board of Appeals to enquire about status of the application. Petitioner also filed a status inquiry on April 17, 2008. No response to this inquiry has yet been received.

As indicated above, on November 27, 2006, the Examiner sent a letter acknowledging Petitioner's Reply Brief and indicating that the file had been transferred to the Board of Appeals. Then, on May 15, 2007, applicant submitted a Petition to Reopen Prosecution in light of the Supreme Court's decision in *KSR v. Teleflex*, 550 U.S. ___, 127 S. Ct. 1727 (2007). This Petition was not entered onto the PALM database and did not appear on the PAIR transaction history (though it did appear on the image file wrapper). Therefore, on August 23, 2007, Petitioner refiled his Petition to Reopen Prosecution, and it was duly entered onto PAIR. However, to date no action has been taken with regard to either the Petition to Reopen Prosecution or the appeal generally.

C. REQUEST FOR RELIEF

With this Petition, Petitioner hopes to enlist the supervisory authority of the Director to have his appeal docketed and his prior petition decided, so that he may move forward with either appeal or prosecution. Petitioner hopes to obtain a decision on the merits, whether from the Appeal Board or the Examiner, as soon as practicable. Even without the additional delay caused by the apparent mishandling of Petitioner's application, any patent that issues from the application will likely be entitled to a significant patent term extension. It is in the best interest of the PTO and the Applicant to have his application considered expeditiously.

D. CONCLUSION

For the reasons stated above, Petitioner respectfully requests that the Director act to ensure the expeditious prosecution of Application No. 09/735,697.

Respectfully submitted,
